Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 29 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear and dry for most, rain arriving around dawn.

This Evening and Tonight:
Daytime showers become less frequent through the evening, with some clear spells developing. Cloud builds overnight ahead of a band of heavy rain, this arriving in the south towards dawn. Minimum temperature 11 deg C (52 deg F).

Friday:
A cloudy start with widespread heavy rain across the region. Scattered heavy, possibly thundery showers follow into the afternoon. These showers should ease heading into the evening. Feeling cool. Maximum temperature 20 deg C (68 deg F).

Outlook for Saturday to Monday:
Sunny spells and occasional showers over the weekend, with light winds and cooler temperatures. Drier on Monday, with sunny spells, and again feeling cooler.
